

IMMUNIZATION

You are cordially invited to attend a virtual presentation on:

Keeping All Vaccines a Priority during COVID times:

Protecting our Patients from Vaccine Preventable Respiratory and Meningococcal Infections

Speaker:

Dr Jane Liddle

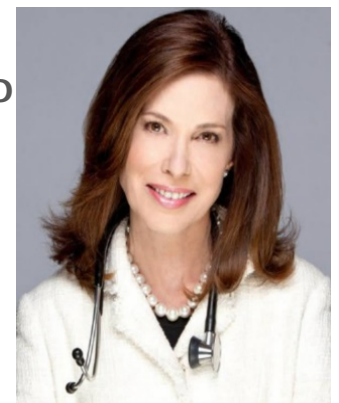

MD, FRCP(C), FAAP
Community Pediatrician
Lecturer,
Department of Pediatrics
(University of Ottawa)

Speaker:

Dr Marla Shapiro

CM, CCFP, MHSc, FRCPC,
FCFP, NCMP
Family Physician
Professor,
Department of
Family & Community
Medicine
(University of Toronto)

Learning Objectives:

- 1) Outline the burden of Streptococcus Pneumoniae and Neisseria meningitidis to our healthcare system, and low immunization rates among infants and adults
- 2) Describe the importance of vaccines in preventing respiratory infections and the key information/updates regarding their vaccines
- 3) Identify and engage families/people at high risk, due to age, medical, lifestyle risk factors, of respiratory and meningococcal infections
- 4) Implement strategies for communicating immunization recommendations, addressing vaccine hesitancy, and outlining procedures for catching up patients with immunizations

Date: Wednesday, Nov 10, 2021

Time: 7:30 PM – 9:15 PM ET
